Information Collection Request Title: Ryan White HIV/AIDS Program: Expenditures Reports Forms, OMB No. 0915-0390 – Revision

Abstract: HRSA administers the Ryan White HIV/AIDS Program (RWHAP) authorized under Title XXVI of the Public Health Service Act. The RWHAP Expenditures Reports allow HRSA to monitor and track the use of grant funds for compliance with statutory, program and grants requirements. Recipients funded under RWHAP Parts A, B, C, and D are required to report financial data to HRSA at the end of their grant budget period. The Expenditures Report requests information recipients already collect, including the use of RWHAP grant funds for core medical and support services; and on various program components, such as administration, planning and evaluation, and clinical quality management. RWHAP Parts A and B recipients funded under the Ending the HIV Epidemic in the U.S. (EHE) initiative are required to report expenditures of the grant budget period in the EHE Expenditure Report. This allows HRSA to track and report progress toward meeting the EHE goals.

For this submission, HRSA proposes to extend the following reports:

- RWHAP Part A Expenditures Report
- RWHAP Part B Expenditures Report
- RWHAP Part B Supplemental Expenditures Report
- RWHAP Part C Expenditures Report
- RWHAP Part D Expenditures Report
- Ending the HIV Epidemic (EHE) Initiative Expenditures Reports

Need and Proposed Use of the Information: Accurate expenditure and service contract records of recipients receiving RWHAP and EHE funding are necessary for HRSA to fulfill its monitoring and oversight responsibilities.

Likely Respondents: RWHAP Part A, Part B, Part C, Part D and EHE recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and use technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and

disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

Total Estimated Annualized Burden Hours:

Form Name	Number of Respondents	Number of Responses per Respondent	Total Responses	Average Burden per Response (in hours)	Total Burden Hours
Part A Expenditures Report	52	1	52	2	104
Part B Expenditures Report	54	1	54	6	324

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
