SUPPLEMENTARY INFORMATION:

Background

Foreign gifts and decorations above the GSA-defined minimal value are handled differently than lesser-valued foreign gifts and decorations under the provisions of 5 U.S.C. § 7342 and Federal Management Regulation (FMR) Part 102-42.

Foreign gifts and decorations above the minimal value become the property of the Federal Government and must be reported to GSA for disposal if not immediately needed by the agency for official purposes. Additionally, those items initially retained by the agencies for official use are reported to GSA upon termination of official use.

The foreign gifts and decorations minimal value was last redefined effective January 1, 2023, at \$480.00, and therefore, must be redefined as of January 1, 2026, to reflect the CPI increase of 8.99 percent for the preceding three years.

Pursuant to FMR § 102-42.10, the approved revised minimal value will be published in an FMR Bulletin posted on OGP's website (www.gsa.gov/foreigngifts).

Calculations using the consumer prices over the past three years show that the minimal value must increase 8.99 percent, or \$43.15, from its current \$480.00. As in previous years, GSA is rounding the amount to the nearest five dollar increments.

Therefore, GSA is adjusting the new minimal value to \$525.00. Per FMR § 102-42.10, an agency may, by regulation, specify a lower value than this Government-wide value for its agency employees.
