Utility Scale Wind Towers from Canada and the Socialist Republic of Vietnam: Final Results of the Expedited First Sunset Reviews of the Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on utility scale wind towers from Canada and the Socialist Republic of Vietnam (Vietnam) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the “Final Results of Sunset Reviews” section of this notice.

DATES: Applicable [Insert date of publication in the *Federal Register*].

SUPPLEMENTARY INFORMATION:

Background

On August 26, 2020, Commerce published the *Orders* on utility scale wind towers from Canada and Vietnam.¹ On July 1, 2025, Commerce published the notice of initiation of the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.218(c).²

¹ See *Utility Scale Wind Towers from Canada, Indonesia, and the Socialist Republic of Vietnam: Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Orders*, 85 FR 52543 (August 26, 2020) (collectively, *Orders*).

² See *Initiation of Five-Year (Sunset) Reviews*, 90 FR 28722 (July 1, 2025).

On July 16, 2025, Commerce received a notice of intent to participate in this review from the domestic interested parties,³ within the deadline specified in 19 CFR 351.218(d)(1)(i).⁴ The domestic interested parties claimed interested party status within the meaning of section 771(9)(F) of the Act and 19 CFR 351.102(b)(29)(v) as a coalition of U.S. producers of the domestic like product.⁵ On July 21, 2025, Commerce notified the U.S. International Trade Commission (ITC) that it had received a notice of intent to participate from the domestic interested parties.⁶

On July 30, 2025, Commerce received an adequate substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁷ Commerce did not receive a substantive response from either the Government of Canada or the Government of Vietnam, or from a respondent interested party to this proceeding. Therefore, on August 22, 2025, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁸ As a result, Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁹ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in

³ The domestic interested parties are the Wind Tower Trade Coalition (the Coalition), whose members are Arcosa Wind Towers, Inc. and Broadwind Inc.

administrative proceedings by an additional 21 days.¹⁰ Accordingly, the deadline for these final results is now January 5, 2026.

Scope of the Orders

The product covered by these *Orders* is utility scale wind towers from Canada and Vietnam. For the full description of the scope of the *Orders*, see the Issues and Decisions Memorandum.¹¹

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews, including the likelihood of continuation or recurrence of subsidization and the countervailable subsidy rates likely to prevail if the *Order* were to be revoked, is contained in the accompanying Issues and Decision Memorandum.¹² A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS, which is available to registered users at <https://access.trade.gov>. In addition, complete versions of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Reviews

Pursuant to sections 751(c) and 752(b) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:
