The meeting will be open to the public. The VCAT is composed of not fewer than nine members appointed by the NIST Director and selected to provide representation of a cross-section of the traditional and emerging United States industries. The primary purpose of this meeting is for the VCAT to review and make recommendations regarding general policy for NIST, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include an update on major programs at NIST, strategic priorities, safety, cybersecurity, communication, and budget. The Committee will also work on its initial observations, findings, and recommendations for the 2025 VCAT Annual Report. The agenda is subject to change if needed to accommodate Committee business.
