SUPPLEMENTARY INFORMATION: Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by letters dated September 2 and October 24, 2025, URR petitioned FRA seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA-2025-0753.

Specifically, URR requests to discontinue controlled point (CP) Mon Valley, including

- signals 62, 64, 66, 68, 72, and 74;
- power switches 63, 65, 69, and 73; and
- track circuits 63T, 63AT, 69T, and 69AT.

URR states that the subject area is used for switching leads and yard tracks and is located in Braddock, Pennsylvania. The changes are requested “due to planned changes in the layout and operations of U. S. Steel’s Edgar Thomson Works... in conjunction with the U. S. Steel/Nippon Steel merger” to enable steel coils to be shipped from the mill. In its petition, URR explains that the area south of signal 62 will be converted to non-circuited yard territory.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov).

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing.

If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]** will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

*Privacy Act*

Anyone can search the electronic form of any written communications and comments received into any of FRA's dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.
