### Federal Energy Regulatory Commission

[Docket Nos. CP13-499-006, CP18-5-004]

### Constitution Pipeline Company, LLC; Notice of Petition and Establishing Intervention Deadline

Take notice that on December 19, 2025, Constitution Pipeline Company, LLC (Constitution), PO Box 1396, Houston, Texas 77251-1396, filed a petition pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations seeking reissuance of a certificate of public convenience and necessity authorizing Constitution to construct and operate its previously approved Constitution Pipeline Project (Project) (Petition).<sup>1</sup>

Constitution states that project facilities would match its original proposal with the exception of limited variances previously approved by the Commission. Specifically, Constitution requests reissuance of certificate authority to construct: (1) approximately 125 miles of 30-inch-diameter pipeline in Susquehanna County, Pennsylvania and Broome, Chenango, Delaware, and Schoharie Counties, New York; (2) the Turnpike Road Metering and Regulating (M&R) Station in Susquehanna County, Pennsylvania; (3) a receipt tap in Susquehanna County, Pennsylvania; (4) the Westfall Road M&R Station at Iroquois Gas Transmission System, L.P.'s (Iroquois) Wright Compressor

Station in Schoharie County, New York; (5) 11 mainline valve assemblies; (6) pig launcher/receiver facilities; and (7) other appurtenant facilities.

The Project is designed to provide 650,000 dekatherms per day of firm transportation service from production areas in Pennsylvania to markets in New York and New England. Constitution requests approval of the same pro forma tariff approved in the Certificate Order. Constitution would offer cost-based firm transportation service, interruptible transportation service, and park and loan service under Rate Schedules FT, IT, and PAL, respectively. Constitution states that it intends to update the cost of facilities and recourse rates for the Project following a later petition by Iroquois seeking reissuance of the certificate of public convenience and necessity for its related Wright Interconnect Project.<sup>2</sup> Until the details of Iroquois's petition are filed and more fully understood, the Commission cannot complete its analysis of the Petition.

Further, Constitution requests that the Commission reaffirm that the New York State Department of Environmental Conservation waived its authority under section 401 of the Clean Water Act by failing or refusing to act on Constitution's request for a water quality certification within one year.<sup>3</sup>

---

<sup>2</sup> The Commission's previous Final Environmental Impact Statement (accession number 20141024-4001) and Certificate Order addressed both the Constitution Pipeline Project and the Wright Interconnect Project.

All details are more fully set forth in the petition which is on file with the Commission and available for public inspection. Constitution states that it incorporates by reference the exhibits from its original certificate application on June 13, 2013, the entire record of the Project in Docket No. CP13-499-000, and the waiver determination in Docket No. CP18-5-000.

## **PUBLIC PARTICIPATION**

There are three ways to become involved in the Commission's review of this petition: you can file comments on the petition, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is **5:00 pm Eastern Time on January 29, 2026**. Parties in the original dockets (CP13-499-000 and CP18-5-000) do not need to file a new motion to intervene. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

### **Protests**

Pursuant to sections 157.10(a)(4)<sup>4</sup> and 385.211<sup>5</sup> of the Commission's regulations under the NGA, any person<sup>6</sup> may file a protest to the petition. Protests must comply with the requirements specified in section 385.2001<sup>7</sup> of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before **5:00 pm Eastern Time on January 29, 2026**.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Petition docket numbers **CP13-499-006 and CP18-5-004** in your submission.

### **Interventions**

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,<sup>8</sup> has the option to file a motion to intervene in this proceeding. regulations under the NGA<sup>10</sup> by the intervention deadline for the petition, which is **5:00 pm Eastern Time on January 29, 2026**. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the petition in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.
