

Coast Guard

33 CFR Parts 100 and 165

[Docket No. USCG-2023-0590]

2023 Quarterly Listings; Third Quarter; Safety Zones, Security Zones, and Special Local Regulations

AGENCY: Coast Guard, DHS.

ACTION: Notification of expired temporary rules issued.

SUMMARY: This document provides notification of substantive rules issued by the Coast Guard that were made temporarily effective but expired before they could be published in the Federal Register. This document lists temporary safety zones, security zones, and special local regulations, all of limited duration and for which timely publication in the *Federal Register* was not possible.

DATES: This document lists temporary Coast Guard rules that became effective, primarily between July 2023 and September 2023, unless otherwise indicated, and were terminated before they could be published in the *Federal Register*.

ADDRESSES: Temporary rules listed in this document may be viewed online, under their respective docket numbers, at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on this document contact Ambar Ali, Office of Regulations and Administrative Law, email HQS-SMB-CG-LRA-Admin@uscg.mil, telephone (202) 372-3862.

SUPPLEMENTARY INFORMATION: Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to

issue certain local regulations. Safety zones may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. Security zones limit access to prevent injury or damage to vessels, ports, or waterfront facilities. Special local regulations are issued to enhance the safety of participants and spectators at regattas and other marine events.

Timely publication of these rules in the *Federal Register* may be precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected public is, however, often informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because *Federal Register* publication was not possible before the end of the effective period, mariners were notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials prior to any enforcement action. However, the Coast Guard, by law, must publish in the *Federal Register* notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the *Federal Register*. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated.

The following unpublished rules were placed in effect temporarily during the period between July 2023 and September 2023 unless otherwise indicated. To view copies of these rules, visit www.regulations.gov and search by the docket number indicated in the following table.

Docket Number	Type	Location	Effective date
---------------	------	----------	----------------

USCG-2023-0551	Safety Zones (Parts 147 and 165)	Jacksonville, Florida	6/30/2023
