This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each

proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collections

1. *Type of Information Collection Request:* Reinstatement with change of a previously approved collection; *Title of Information Collection:* Conditions of Participation for Comprehensive Outpatient Rehabilitation Facilities (CORFs); *Use:* The purpose of this package is to request approval from the Office of Management and Budget (OMB) to reinstate, with change, the information collection request. CORFs provide coordinated outpatient diagnostic, therapeutic, and restorative services to rehabilitate individuals who are injured, disabled or ill. Physical, occupational and speech-language therapy may be provided at a single, off-site location. CORFs must provide the following core services:

- Physician consultation and supervision of staff, oversight of treatment plans, and facility administration;
- Physical therapy and social or psychological services.

The information collections (ICs) described herein enable the Centers for Medicare & Medicaid Services (CMS) to ensure CORFs comply with the initial and ongoing Medicare Conditions of Participation (CoPs) specified at Title 42 Code for Regulations (CFR) Section 485, Subpart B. These CoPs help assure a minimal level of patient health and safety in participating facilities and help ensure that Medicare requirements are being met. The only CoP with ICs is 42 CFR § 485.66 and the burden estimates are designated as: IC-1a: §485.66(a) - for Newly Certified CORFs to Develop Utilization Review Plan and IC-1b: §485.66 - for Currently Certified CORFs to Conduct Annual Utilization Reviews.

The previous iteration of this package included an estimated annual burden of 1,504 hours and an annual cost of \$103,776. For this reinstatement, the total annual hourly burden is revised to 1,260 hours, with an annual burden cost of \$108,190. The 16% decrease in burden

hours (from 1,504 to 1,260) is primarily due to the decrease in number of certified CORFs from 188 in the prior iteration to 155 in this reinstatement and the addition of IC-1a for newly certified CORFs to develop a utilization review plan which was unintentionally omitted in prior request but is not a new requirement. *Form Number:* CMS-10282 (OMB control number: 0938-1091); *Frequency:* Yearly; *Affected Public:* Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 158; *Total Annual Responses:* 158; *Total Annual Hours:* 1,260.
