

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Part 1233

[Docket No. CPSC-2015-0016]

Notice of Availability and Request for Comment: Revision to the Voluntary Standard for Portable Hook-On Chairs

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of availability and request for comment.

SUMMARY: The U.S. Consumer Product Safety Commission's (Commission or CPSC) mandatory rule, Safety Standard for Portable Hook-On Chairs, incorporates by reference ASTM F1235-18, Standard Consumer Safety Specification for Portable Hook-On Chairs. ASTM notified the Commission that it has revised this incorporated voluntary standard. CPSC seeks comment on whether the revision improves the safety of portable hook-on chairs.

DATES: Comments must be received by [INSERT DATE 14 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Section 104(b) of the Consumer Product Safety Improvement Act of 2008 (CPSIA) requires the Commission to adopt mandatory standards for durable infant or toddler products. 15 U.S.C. 2056a(b)(1). Mandatory standards must be “substantially the same as” voluntary standards, or they may be “more stringent” than the applicable voluntary standards, if the Commission determines that more stringent requirements would further reduce the risk of injury associated with the products. *Id.* Mandatory standards may be based, in whole or in part, on a voluntary standard.

Section 104(b)(4)(B) of the CPSIA specifies the process for when a voluntary standards organization revises a standard that the Commission incorporated by reference under section 104(b)(1). First, the voluntary standards organization must notify the Commission of the revision. Once the Commission receives this notification, the Commission may reject or accept the revised standard. To reject a revised standard, the Commission must notify the voluntary standards organization within 90 days of receiving the notice of revision that the Commission has determined that the revised standard does not improve the safety of the consumer product and that CPSC is retaining the existing standard. If the Commission does not take this action, the revised voluntary standard will be considered a consumer product safety standard issued under section 9 of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2058), effective 180 days after the Commission received notification of the revision (or a later date specified by the Commission in the *Federal Register*). 15 U.S.C. 2056a(b)(4)(B).

Under this authority, in 2016 the Commission issued a mandatory safety rule that incorporated by reference ASTM F1235-15, Standard Consumer Safety Specification for Portable Hook-On Chairs, codified at 16 CFR part 1233 (81 FR 17065, March 28, 2016). This mandatory standard included performance requirements and test methods, as well as requirements for warning labels and instructions, to address hazards to children.

In 2018, ASTM notified CPSC that it had issued a revised voluntary standard for portable hook-on chairs. In accordance with the procedures set out in section 104(b)(4)(B) of the CPSIA, this revised standard became the new mandatory standard for portable hook-on chairs (83 FR 48219, September 24, 2018). The mandatory standard currently incorporates by reference this standard (ASTM F1235-18).

On January 20, 2026, ASTM notified the Commission that it had approved and published another revised version of the voluntary standard, ASTM F1235-25. CPSC is assessing the revised voluntary standard to determine, consistent with section 104(b)(4)(B) of the CPSIA, its effect on the safety of portable hook-on chairs subject to 16 CFR part 1233. The Commission

invites public comment to inform CPSC staff's assessment and subsequent Commission consideration of the revisions in ASTM F1235-25.

The currently incorporated voluntary standard (ASTM F1235-18) and the revised voluntary standard (ASTM F1235-25) are available for review in several ways. A read-only copy of the existing, incorporated standard (ASTM F1235-18) is available for viewing, at no cost, on the ASTM website at: <https://www.astm.org/READINGLIBRARY/>. A read-only copy of the revised standard (ASTM F1235-25), including red-lined versions that identify the changes from the 2018 to the 2025 version, is available, at no cost, on ASTM's website at <https://www.astm.org/CPSC.htm>. Interested parties can also download copies of the standards by purchasing them from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428-2959; phone: 610-832-9585; <https://www.astm.org>. Alternatively, interested parties can schedule an appointment to inspect copies of the standards at CPSC's Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814, telephone: 301-504-7479.

Comments must be received by **[INSERT DATE 14 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 104(b)(4) of the CPSIA, CPSC will not consider comments received after this date.

Alberta E. Mills,
Secretary,
Consumer Product Safety Commission.
