⁵ This rule change impacts FINRA Fees for members who trade on BOX. The BOX Fee Schedule, Section II.A FINRA Fees and Section II.B Registration and Continuing Education Fees, contains a list of fees that will be collected and retained by FINRA via the Web CRD registration system for the registration of associated persons of Exchange members that are not also FINRA members.

Exchange is proposing to: (1) replace the existing \$70 FINRA Annual System Processing Fee Assessed only during Renewals with the new tiered FINRA Annual System Processing Fee structure; (2) update the Series 57 Exam fee to \$105; (3) increase the \$18 Continuing Education Fee to \$25; (4) increase the Fingerprinting Processing Fees; (5) increase the \$125 FINRA Web CRD Processing Fee to \$175; and (6) increase the \$155 FINRA Disclosure Processing Fee to \$215. The changes proposed herein for the FINRA Annual System Processing Fee, the Series 57 Exam fee, and the Continuing Education Fee will become operative upon filing. Additionally, the Exchange designates that the proposed changes to the FINRA Web CRD Processing Fee, the FINRA Disclosure Processing Fee, and the FINRA Fingerprinting Processing Fees will become operative January 1, 2028.⁶ The text of the proposed rule change is available from the principal office of the Exchange, and also on the Exchange's Internet website at <https://rules.boxexchange.com/rulefilings>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

⁶ See Securities Exchange Act Release No. 101696 (November 21, 2024), 89 FR 93709 (November 27, 2024) (SR-FINRA-2024-019) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Adjust FINRA Fees to Provide Sustainable Funding for FINRA's Regulatory Mission).

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule for trading on BOX to reflect adjustments to various FINRA fees.⁷

This proposal amends BOX’s Fee Schedule to reflect adjustments to the Annual System Processing Fee, the Series 57 Exam fee, the Continuing Education Fee, the FINRA Web CRD Processing Fee, the FINRA Disclosure Processing Fee and the FINRA Fingerprinting Processing Fees. The FINRA fees are collected and retained by FINRA via Web CRD for the registration of employees of BOX Participants and Participant organizations that are not FINRA members (“Non-FINRA members”).⁸ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

Annual System Processing Fee

FINRA currently assesses an annual system processing fee for each of the member’s registered persons. Under the current fee structure, a flat \$70 fee applies to each registered person of a member. Many registered persons are registered with one or more securities regulators (i.e., with jurisdictions as a broker-dealer agent and with SROs as a representative or principal). FINRA is replacing the current flat fee structure with a tiered rate structure beginning in 2026 as described below. Under FINRA’s new tiered rate structure, the fee would be calculated based on the total number of securities regulators with which each registered person of a member is registered (whether as a broker-dealer agent with one or more jurisdictions or as a representative or principal with one or more SROs).⁹

⁷ The Exchange initially filed the proposed change on December 30, 2025 (SR-BOX-2025-32). On January 12, 2026, the Exchange withdrew SR-BOX-2025-32 and submitted SR-BOX-2026-01. On January 22, 2026, the Exchange withdrew SR-BOX-2026-01 and replaced it with the instant filing.

⁸ FINRA operates Web CRD, the central licensing and registration system for the U.S. securities industry. FINRA uses Web CRD to maintain the qualification, employment and disciplinary histories of registered associated persons of broker-dealers.

⁹ A registered person’s registration as an investment adviser representative would not be considered.

The Exchange proposes to amend Section II.A.3. of the Fee Schedule to replace the current \$70 FINRA Annual System Processing Fee Assessed only during Renewals with the new tiered FINRA Annual System Processing Fee structure, which will be assessed for each registered representative and principal (annually, based on the number of securities regulators with which each such registered person is registered, excluding registration as an investment adviser representative). The fees will now be as follows: (1) 1 to 5 registrations: \$70; (2) 6 to 20 registrations: \$95; (3) 21 to 40 registrations: \$110; and (4) 41+ registrations: \$125. The Exchange is also proposing to increase the FINRA Annual System Processing Fee to the following amounts beginning January 1, 2028: 1 to 5 registrations to \$100; 6 to 20 registrations to \$125; 21 to 40 registrations to \$140; and 41+ registrations to \$155.¹⁰

These amendments are being made in accordance with a FINRA rule change to adjust its fees.¹¹ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

Series 57 Exam Fee

The Exchange also proposes to amend Section II.B.1. of the Fee Schedule to update the Series 57 Exam fee to \$105.¹² These amendments are being made in accordance with a FINRA rule change to adjust its fees.¹³ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

Continuing Education Fee

¹⁰ See supra note 6. FINRA is implementing the proposed tiered rate structure in 2026 and, to allow members additional time to adjust and plan, FINRA is deferring the implementation of the proposed increases to this fee until 2028.

¹¹ See supra note 6. FINRA noted in its rule change that it was adjusting its fees to provide sustainable funding for FINRA's regulatory mission.

¹² The Exchange notes that the Fee Schedule inadvertently reflects an outdated fee, the current fee for the Series 57 examination is \$80.

¹³ See supra note 6. FINRA noted in its rule change that it was adjusting its fees to provide sustainable funding for FINRA's regulatory mission.

The Exchange also proposes to amend Section II.B.2. of the Fee Schedule to increase the Continuing Education Fee from \$18 to \$25.¹⁴ These amendments are being made in accordance with a FINRA rule change to adjust its fees.¹⁵ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

Fingerprinting Processing Fees

The Exchange also proposes to amend Section II.A. to increase the following Fingerprinting Processing Fees: (1) the \$31.25 first card submission (electronic) fee to \$38¹⁶; (2) the \$41.25 first card submission (non-electronic) fee to \$52¹⁷; (3) the \$20 second card submission (electronic) fee to \$28¹⁸; (4) the \$30 second card submission (non-electronic) fee to \$42¹⁹; (5) the \$31.25 third card submission (electronic) fee to \$38²⁰; (6) the \$41.25 third card submission (non-electronic) fee to \$52²¹; and (7) the \$30 processing fee for fingerprint results processed through a self-regulatory organization other than FINRA to \$42. The Fingerprinting Processing Fee listed on the Exchange's Fee Schedule reflects the combined FINRA and FBI

¹⁴ The Continuing Education Fee will be assessed to each individual who is required to complete the Regulatory Element of the Continuing Education Requirements pursuant to Exchange Rule 2040 and is paid directly to FINRA.

charges for fingerprint submissions. Specifically, today, the FBI fingerprint charge is \$10,²² the FINRA electronic Fingerprinting Processing Fee²³ will increase from \$20 to \$28 in 2028, the FINRA non-electronic Fingerprinting Processing Fee²⁴ will increase from \$30 to \$42 in 2028, and the fee for processing fingerprint results where the member had prints processed through a self-regulatory organization other than FINRA will increase from \$30 to \$42.²⁵ These amendments to the Fingerprinting Processing Fees are designated as operative January 1, 2028, and are being made in accordance with a FINRA rule change to adjust its fees.²⁶ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

Registration Fees

The Exchange also proposes to amend Section II.A. to increase the \$125 FINRA Web CRD Processing Fee²⁷ to \$175 and the \$155 FINRA Disclosure Processing Fee²⁸ to \$215. These amendments are being made in accordance with a FINRA rule change to adjust its fees.²⁹ The Exchange is merely listing these fees on its Fee Schedule. The Exchange does not collect or retain these fees.

²² Effective January 1, 2025, the FBI fingerprint fee, for both electronic and hardcopy fingerprint transactions, has been reduced to \$10 per charged fingerprint submission. <https://www.finra.org/registration-exams-cc/classic-crd/fingerprints/fingerprint-fees>.

²³ This fee applies for processing and posting to the CRD system each set of fingerprints submitted electronically by a member to FINRA, plus any other charge that may be imposed by the United States Department of Justice for processing each set of fingerprints.

²⁴ This fee applies for processing and posting to the CRD system each set of fingerprints submitted in non-electronic format by a member to FINRA, plus any other charge that may be imposed by the United States Department of Justice for processing each set of fingerprints.

²⁵ See supra note 6. FINRA noted in its rule change that it was adjusting its fees to provide sustainable funding for FINRA's regulatory mission. The Exchange does not collect or retain these fees.

²⁶ See supra note 6. FINRA noted in its rule change that it was adjusting its fees to provide sustainable funding for FINRA's regulatory mission.

²⁷ This fee applies for each initial or transfer Uniform Application for Securities Industry Registration or Transfer ("Form U4") filed by a member in the CRD system to register an individual.

²⁸ This fee applies for the additional processing of each initial or amended Form U4, Form U5, or Form BD that includes the initial reporting, amendment, or certification of one or more disclosure events or proceedings.

²⁹ See supra note 6. FINRA noted in its rule change that it was adjusting its fees to provide sustainable funding for FINRA's regulatory mission.

Each of these fees are listed within Section II.A. and Section II.B. of the BOX Fee Schedule. These amendments are being made in accordance with a FINRA rule change to adjust its fees.³⁰ The FINRA Web CRD Fees are user-based and there is no distinction in the cost incurred by FINRA if the user is a FINRA member or a Non-FINRA member. Accordingly, the proposed fees mirror those assessed by FINRA.

Lastly, the Exchange also proposes to make non-substantive technical changes to renumber the endnotes within the BOX Fee Schedule to conform with the changes proposed herein.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act, in general, and Section 6(b)(4) and 6(b)(5) of the Act,³¹ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among BOX Participants and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes it is reasonable to: (1) replace the existing \$70 FINRA Annual System Processing Fee Assessed only during Renewals with the new tiered FINRA Annual System Processing Fee structure and to increase such tiered fees in 2028; (2) update the Series 57 Exam fee to \$105; (3) increase the \$18 Continuing Education Fee to \$25; (4) increase the Fingerprinting Processing Fees; (5) increase the \$125 FINRA Web CRD Processing Fee to \$175; and (6) increase the \$155 FINRA Disclosure Processing Fee to \$215 because each of the proposed fees are identical to those adopted by FINRA for the use of Web CRD for disclosures and the registration of FINRA members and their associated persons. The Exchange further believes it is reasonable to update the Fingerprinting Fees to reflect the reduced FBI Fee of

³⁰ See supra note 6.

³¹ 15 U.S.C. 78f(b)(4) and (5).

\$10.³² The amendments to the Fingerprint Fees will provide all Participants with the correct Fingerprint Fees.

These costs are borne by FINRA when a Non-FINRA member uses Web CRD. The Exchange's rule text will reflect the current registration and fingerprint rates that are assessed by FINRA for the Annual System Processing Fee, the Series 57 Exam fee, the Continuing Education Fee, the electronic and non-electronic Fingerprinting Processing Fees, the Web CRD Processing Fee, and the Disclosure Processing Fee. As noted previously, the FINRA Annual System Processing Fee, the Series 57 Exam fee, and the Continuing Education Fee will become operative upon filing,³³ and the Web CRD Processing Fee, the Disclosure Processing Fee, and the Fingerprinting Processing Fees will become operative January 1, 2028.

The Exchange believes it is equitable and not unfairly discriminatory to: (1) replace the existing \$70 FINRA Annual System Processing Fee Assessed only during Renewals with the new tiered FINRA Annual System Processing Fee structure and to increase such tiered fees in 2028; (2) update the Series 57 Exam fee to \$105; (3) increase the \$18 Continuing Education Fee to \$25; (4) increase the Fingerprinting Processing Fees; (5) increase the \$125 FINRA Web CRD Processing Fee to \$175; and (6) increase the \$155 FINRA Disclosure Processing Fee to \$215 because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner. Similarly, the Exchange believes it is equitable and not unfairly discriminatory to update the Fingerprinting Fees to reflect the reduced FBI Fee of \$10. because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner.

³² See supra note 22.

³³ See supra note 10.

Lastly, the Exchange believes the proposed changes to renumber the endnotes within the BOX Fee Schedule are reasonable, equitable, and not unfairly discriminatory. These non-substantive technical amendments will bring greater clarity to the Fee Schedule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that its proposal to: (1) replace the existing \$70 FINRA Annual System Processing Fee Assessed only during Renewals with the new tiered FINRA Annual System Processing Fee structure and to increase such tiered fees in 2028; (2) update the Series 57 Exam fee to \$105; (3) increase the \$18 Continuing Education Fee to \$25; (4) increase the Fingerprinting Processing Fees; (3) increase the \$125 FINRA Web CRD Processing Fee to \$175; and (4) increase the \$155 FINRA Disclosure Processing Fee to \$215 does not impose an undue burden on competition because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner. Similarly, the Exchange believes it does not impose an undue burden on competition to update the Fingerprinting Fees to reflect the reduced FBI Fee of \$10 because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner.

Lastly, the Exchange believes the proposed changes to renumber the endnotes within the Fee Schedule do not impose an undue burden on competition. These non-substantive amendments will bring greater clarity to the Fee Schedule.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action Effectiveness

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Exchange Act³⁴ and Rule 19b-4(f)(2) thereunder,³⁵ because it establishes or changes a due, or fee.
