SUPPLEMENTARY INFORMATION: Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated December 19, 2025 AAR petitioned FRA for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 229 (Railroad Locomotive Safety Standards). FRA assigned the petition Docket Number FRA-2005-21613.

AAR requests extended relief from 49 CFR § 229.29, *Air brake system calibration, maintenance, and testing*, applicable to New York Air Brake CCB-1, CCB-2, and CCB-26; Wabtec Railway Electronics EPIC-3102D2 and EPIC-2; and FastBrake electronic air brake systems, for the extension of time intervals for level two and level three locomotive air brake system maintenance. In its petition, AAR states that the waiver should be extended “given its longstanding and successful history” and based on its safety record. AAR notes that FRA published a Notice of Proposed Rulemaking on July 1, 2025 to codify the provisions of this waiver, but AAR is petitioning for extended relief as the final rule has not yet been published.¹ In addition, AAR requests that FRA grant a unified extension to all AAR member railroads that are currently participating in this waiver.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting

written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]** will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Privacy Act

Anyone can search the electronic form of any written communications and comments received into any of FRA's dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.
