II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rules 18.7 (Position Limits) and 18.9 (Exercise Limits)⁵ regarding the position and exercise limits for options on the following Exchange Traded Fund Shares: Fidelity Wise Origin Bitcoin Fund, ARK 21Shares Bitcoin ETF, iShares Ethereum Trust ETF, Fidelity Ethereum Fund, Grayscale Ethereum Trust ETF, Grayscale Ethereum Mini Trust ETF and Bitwise Ethereum ETF (collectively, "the Crypto Assets"). This is a competitive filing based on a similar proposal submitted by Nasdaq ISE, LLC ("ISE").⁶

Background

In December 2024, the Exchange filed a proposal which was noticed for immediate effectiveness by the Commission to list and trade options on the Fidelity Wise Origin Bitcoin Fund and the ARK 21Shares Bitcoin ETF.⁷ In May 2025, the Exchange filed a proposal which was noticed for immediate effectiveness by the Commission to list and trade options on the

iShares Ethereum Trust.⁸ In June 2025, the Exchange filed a proposal which was noticed for immediate effectiveness by the Commission to list and trade options on the Fidelity Ethereum Fund, the Grayscale Ethereum Trust ETF, the Grayscale Ethereum Mini Trust ETF, and the Bitwise Ethereum ETF.⁹ Those aforementioned notices permitted the Exchange to trade the Crypto Assets subject to a 25,000 contract position and exercise limit.

In August 2025, the Exchange filed a proposal which was noticed for immediate effectiveness by the Commission to amend the position and exercise limits for options on the iShares Bitcoin Trust ETF, Grayscale Bitcoin Trust ETF, Grayscale Bitcoin Mini Trust ETF, and the Bitwise Bitcoin ETF to eliminate the 25,000 contract position and exercise limits.¹⁰ Lastly, in January 2026, the Exchange filed a proposal which was noticed for immediate effectiveness by the Commission to permit options on Exchange-Traded Fund Shares that meet certain generic requirements to be listed as a Commodity-Based Trust.¹¹ As amended, section (5) of Rule 19.3(i) specifies that the Exchange may list and trade options on a Commodity-Based Trust that meets the generic listing standards for Commodity-Based Trust Shares of the applicable primary listing market, except that the Commodity-Based Trust holds a single crypto asset. Further, a Commodity-Based Trust that meets the requirements of Exchange Rule 19.3(i) must also satisfy the following requirements: (i) the total global supply of the underlying crypto asset held by the Commodity-Based Trust has an average daily market value of at least \$700 million over the last 12 months; and (ii) the crypto asset held by the Commodity-Based Trust underlies a derivatives contract that trades on a market with which the Exchange has a comprehensive surveillance sharing agreement, whether directly or through common membership in the Intermarket

Surveillance Group. Position and exercise limits for options on Commodity-Based Trusts that list and trade pursuant to Exchange Rule 19.3(i) would be determined pursuant to Exchange Rules 18.7 and 18.9, respectively, as is the case for other options on other ETFs.

Proposal

The Crypto Assets all qualify for listing pursuant to section (5) of Exchange Rule 19.3(i). As such, similar to other options listed pursuant to Exchange Rule 19.3(i), the Crypto Assets should be subject to the position limits set forth in Exchange Rule 18.7, and subject to the exercise limits set forth in Exchange Rule 18.9. To that end, the Exchange proposes to remove the 25,000 position and exercise limit restrictions for the Crypto Assets. With this proposal, Crypto Assets that qualify to be listed pursuant to Exchange [sic] 19.3(i) would be treated similar to all other options for purposes of position and exercise limits.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹² Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹³ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁴ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers,

issuers, brokers, or dealers.

The Exchange's proposal to permit the Crypto Assets, which qualify for listing pursuant to Exchange Rule 19.3(i), to be subject to the position limits set forth in Exchange Rule 18.7 and subject to the exercise limits set forth in Exchange Rule 18.9 similar to all other options is consistent with the Act as this treatment promotes just and equitable principles of trade.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change being proposed is very similar in nature to the ISE Filing.¹⁵

The Exchange's proposal does not burden intra-market competition because the Crypto Assets that qualify to be listed pursuant to Exchange Rule 19.3(i) would be treated similar to all other options for purposes of position and exercise limits. The Exchange does not believe that the proposed rule change will impose any burden on inter-market competition as the proposal is not competitive in nature. The Exchange expects that all option exchanges will adopt substantively similar proposals, such that the Exchange's proposal would benefit competition. For these reasons, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as

¹⁵ See supra note 6.

the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁶ and Rule 19b-4(f)(6) thereunder.¹⁷

A proposed rule change filed under Rule 19b-4(f)(6)¹⁸ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. Waiver of the operative delay will allow the Exchange to treat options on Crypto Assets in the same manner as all other options that qualify for listing pursuant to Exchange Rule 19.3(i)(5), and options on Crypto Assets that qualify for listing pursuant to Exchange Rule 19.3(i)(5) are subject to the position and exercise limits set forth in Exchange Rules 18.7 and 18.9, respectively. Finally, the Exchange notes that another exchange filed a notice for immediate effectiveness, substantively similar in relevant part, with the Commission, which notice is effective.²⁰ For these reasons, and because the proposal does not raise new or novel regulatory issues, the Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²¹

At any time within 60 days of the filing of this proposed rule change, the Commission

¹⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

²¹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
