SUPPLEMENTARY INFORMATION:

Title: FERC-539 (Gas Pipeline Certificates: Import & Export Related Applications)

OMB Control No.: 1902-0062

Type of Request: Three-year extension of the FERC-539 with no changes to the current reporting requirements.

Abstract: The purpose of FERC-539 is to implement information collections pursuant to Section 3 of the Natural Gas Act (NGA).¹ This statute provides, in part, that “...no person shall export any natural gas from the United States to a foreign country or import any natural gas from a foreign country without first having secured an order from the Commission authorizing it to do so.”² This statute applies not only to natural gas imported and/or exported via pipeline but also to any import and/or export of liquefied

² 15 U.S.C. 717b

natural gas via a liquefied natural gas terminal. The 1992 amendments to Section 3 of the NGA concern importation or exportation from/to a nation which has a free trade agreement with the United States, and requires that such importation or exportation: (1) Shall be deemed to be a “first sale”, i.e., not a sale for a resale, and (2) Shall be deemed to be consistent with the public interest, and applications for such importation or exportation shall be granted without modification or delay.

*Estimate of Annual Burden:*³ The Commission estimates the annual public reporting burden for the information collection as:

Number of Respondents (1)	Number of Responses Per Respondent (2)	Total Number of Responses (1) * (2) = (3)	Average Burden Hours & Average Cost⁴ per Response (\$) (4)	Total Annual Burden Hours & Total Annual Cost (\$) (3) * (4) = (5)	Cost per Respondent (\$) (5) ÷ (1) = (6)
6	2	12	15 hours; \$1,545	180 hours; \$18,540	\$3,090

Comments: Comments are invited on: (1) whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collections of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and

³ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. See 5 CFR 1320 for additional information on the definition of information collection burden.

⁴ The Commission staff estimates that industry is similarly situated in terms of hourly cost (for wages plus benefits). Based on the Commission’s FY (Fiscal Year) 2025 average cost (for wages plus benefits), \$103/hour is used.

clarity of the information collections; and (4) ways to minimize the burden of the collections of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: February 19, 2026.
