SUPPLEMENTARY INFORMATION:

Background

On September 3, 2025, Commerce published in the *Federal Register* the preliminary results of this administrative review of the antidumping duty order¹ on certain hot-rolled steel flat products (hot-rolled steel) from the Netherlands).² This review covers one producer/exporter of the subject merchandise, Tata Steel IJmuiden BV (TSIJ).

² See *Certain Hot-Rolled Steel Flat Products from the Netherlands: Preliminary Results of Antidumping Duty Administrative Review; 2023-2024*, 90 FR 42562 (September 3, 2025) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ Accordingly, the deadline for these final results is now March 10, 2026.

A summary of the events that occurred since the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, are discussed in the Issues and Decision Memorandum.⁵ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the *Order* are hot-rolled steel. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.⁶

⁶ *Id.*

Based on the comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes for the final results of review.

Final Results of Review

We determine that the following estimated weighted-average dumping margin exists for the period October 1, 2023, through September 30, 2024:

Producer/Exporter	Weighted-Average Dumping Margin (percent)
Tata Steel Ijmuiden BV	5.67

Disclosure

We intend to disclose the calculations performed in connection with these final results of review to interested parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the *Federal Register*, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because TSIJ's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we calculated an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁷ Where an importer-specific assessment rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. The final results of this administrative review shall be the basis for the assessment of

⁷ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁸

For entries of subject merchandise during the POR produced by the individually examined respondent for which it did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the *Federal Register*, the following cash deposit requirements will be effective for all shipments of hot-rolled steel from the Netherlands entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the company subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the

⁸ See section 751(a)(2)(C) of the Act.

producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 3.73 percent, the all-others rate established in the investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: February 24, 2026.

Acting Deputy Assistant Secretary
for Antidumping and Countervailing Duty Operations.
