II. Current Actions

This Notice proposes the clearance of the IMLS Grants to States Program "State Reporting System." The Grants to States program is the largest source of Federal funding support for library services in the U.S. Using a population-based formula, approximately \$180 million is

distributed among the State Library Administrative Agencies (SLAAs) every year. SLAAs are official agencies charged by the Library Services and Technology Act (20 U.S.C. § 9121 and 20 U.S.C. § 9141) with the extension and development of library services, and they are located in:

- Each of the 50 States of the United States, and the District of Columbia;
- The territories (Guam, American Samoa, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands); and
- The Freely Associated States (Federated States of Micronesia, the Republic of Palau, and the Republic of the Marshall Islands).

Under 20 U.S.C § 9134, each SLAA is required to submit a plan that details library services goals for a five-year period, along with associated certifications. Pursuant to 20 U.S.C. § 9134(c), each SLAA that receives an IMLS grant under the Grants to States program is required to evaluate and report on all funded project activities to the agency, prior to the end of the execution of its five-year plan. Each SLAA receives IMLS funding to support activities for the five-year period through a series of overlapping two-year grant awards. Each SLAA must file interim and final financial reports, and final performance reports for each of these two-year grants through IMLS's State Program Report (SPR) system.
