**SUPPLEMENTARY INFORMATION:**

**Title:** Nutrition Labeling of Major Cuts of Single-Ingredient Raw Meat or Poultry Products and Ground or Chopped Meat and Poultry Products.

**OMB Number:** 0583-0148.

**Type of Request:** Renewal of an approved information collection.

**Abstract:** FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, and properly labeled.

FSIS is announcing its intention to request renewal of the approved information collection regarding nutrition labeling of the major cuts of single-ingredient raw meat or poultry products and ground or chopped meat and poultry products. There are no changes to the existing information collection. The approval for this information collection will expire on July 31, 2026.

FSIS requires nutrition labeling of the major cuts of single-ingredient, raw meat and poultry products, unless an exemption applies. Major cuts are defined in the regulations and include such products as Beef Chuck Blade Roast, Beef Brisket, Chicken Breast, Turkey Thigh (see 9 CFR 317.344 and 381.444). For these products, the nutrition labeling may be on the package or at point of purchase. FSIS also requires nutrition labels on all ground or chopped meat and poultry products, with or without

added seasonings, unless an exemption applies. Further, the nutrition labeling requirements for all ground or chopped meat and poultry products are consistent with the nutrition labeling requirements for multi-ingredient and heat processed products (see 9 CFR 381.400(a), 317.300(a), 317.301(a), and 381.401(a)).

FSIS has made the following estimates based upon an information collection assessment:

**Respondents:** Official establishments, grocery stores and warehouses.

**Estimated No. of Respondents:** 76,439.

**Estimated No. of Annual Responses per Respondent:** 1.77.

**Estimated Total Annual Burden on Respondents:** 67,861 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
