SUPPLEMENTARY INFORMATION:

Agenda:

The Climate and Ecosystem Steering Committee will meet to learn about joint species distribution models and discuss their applications to management. They will also review and discuss an ecosystem component species evaluation framework. The

Committee will also discuss selected sections of the 2026 State of the Ecosystem report. They will provide direction on climate and ecosystem on ramps work and receive updates on other issues of general interest to the steering committee. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
