Title: Virginia Graeme Baker Pool and Spa Safety Act Verification of Compliance Form.

OMB Number: 3041-0142.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Public pools and spa facilities.

General Description of Collection: The CPSC administers and oversees compliance with the Virginia Graeme Baker Pool and Spa Safety Act (VGBA), 15 U.S.C. Ch. 106. The VGBA is designed to prevent the tragic and hidden hazard of drain entrapment and evisceration in public pools and spas. To achieve its purposes, the VGBA requires, among other things, each swimming pool and spa drain cover manufactured, distributed, or introduced into commerce meet specific requirements of the CPSC recognized performance standard, and that each public pool and spa be equipped with anti-entrapment devices or systems that comply with the recognized performance standard. 15 U.S.C. 8003; 16 CFR part 1450.

CPSC, directly or through State contracted employees, inspects and assesses public pools and spas for compliance. A compliance form is used to record observations and assessments of compliance. The VGBA Form is available for viewing at <https://www.regulations.gov> under docket number, CPSC-2009-0073, "Supporting and Related Material."

Estimated Number of Respondents: CPSC compliance staff estimates that 50 inspections are completed annually, based on a review of prior completed inspections.

Estimated Time per Response: CPSC estimates that three hours will be required to inspect a pool or spa facility.

Total Estimated Annual Burden: CPSC estimates that total annual burden hours are at most 150 (50 inspections x 3 hours per inspection).

Total Estimated Annual Cost to Respondents: CPSC estimates that hourly compensation for the time required for inspecting is \$76.45 (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” June 2025, Table 4, total compensation for management, professional, and related workers in private service-producing industries: Employer Costs for Employee Compensation News Release - 2025 Q02 Results). Therefore, CPSC estimates the annual cost to be \$11,468 ($\$76.45 \times 150 = \$11,467.50$).
