Dated: March 12, 2026.

**Stephanie J. Bost,**

*Alternate OSD Federal Register Liaison Officer,*

*Department of Defense.*

**DEFENSE SECURITY COOPERATION AGENCY**  
2800 Defense Pentagon  
Washington, DC 20301-2800

January 15, 2026

The Honorable Mike Johnson  
Speaker of the House  
U.S. House of Representatives  
H-209, The Capitol  
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 25-37, concerning the Army's proposed Letter(s) of Offer and Acceptance to Peru for defense articles and services estimated to cost \$1.5 billion. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

A handwritten signature in black ink, appearing to read "M. F. Miller", written over a horizontal line.

Michael F. Miller  
Director

(viii) Date Report Delivered to Congress: **January 15, 2026**

\* as defined in Section 47(6) of the Arms Export Control Act.

## POLICY JUSTIFICATION

### Peru – Design and Construction at Callao Naval Base

The Government of Peru has requested to buy equipment and services to support the procurement of maritime and onshore facilities at the Callao Naval Base. The following non-Major Defense Equipment items will be included: lifecycle design; construction; project management; engineering studies; engineering services; technical support; facility and infrastructure assessments; surveys; planning; programming; design; acquisition; contract administration; construction management; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$1.5 billion.

This proposed sale will contribute to the foreign policy objectives of the U.S. by helping to improve the security of an important partner which is a force for political stability, peace, and economic progress in South America.

The proposed sale will improve Peru's port infrastructure to accommodate current and future naval and logistical operations and requirements. This sale will also provide a safer, more efficient platform for naval operations by reducing civilian-military interactions at the existing facility. Peru will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this construction and support will not alter the regional military balance in the region.

The principal contractor or contractors will be determined later from a list of approved vendors, likely through a competitive process. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor or contractors.

Implementation of this proposed sale will require the assignment of up to twenty U.S. Government or U.S. contractor representatives to Peru for a duration of up to ten years to provide construction management and oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
