General Description of Collection: This collection implements a statutory requirement imposing reporting, disclosure and recordkeeping requirements on some community reinvestment-related agreements between insured depository institutions or affiliates, and nongovernmental entities or persons. The information assists interested members of the public in assessing whether the parties are fulfilling their agreements, and helps the agencies understand how the institutions they regulate are fulfilling their CRA responsibilities. There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the decline in the estimated overall annual time burden from 42 hours in 2023 to 19 hours in 2026 is the result of a reduction in the number respondents.
