SUPPLEMENTARY INFORMATION: The National Worker Survey aims to estimate the prevalence of non-compliance with the Fair Labor Standards Act (FLSA) among nonexempt workers across various industries, with an emphasis on low-wage sectors. The survey employs both Address-Based Sampling to reach a representative sample of nonexempt U.S. workers and Respondent-Driven Sampling to gather data from workers in industries with higher incidences of wage and hour violations. The data collected will inform DOL in its efforts to improve compliance with the FLSA, optimize enforcement strategies, and enhance protections for vulnerable workers. For additional substantive information about this ICR, see the related notice published in the Federal Register on August 8, 2024 (89 FR 64960).

A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal.
