### Notice of Inventory Completion: Florida Department of State, Tallahassee, FL

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Florida Department of State (FDOS) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

**DATES:** Repatriation of the human remains and associated funerary objects in this notice may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**].

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. ### Abstract of information available

Human remains representing, at least, two individuals have been identified. The 175 associated funerary objects are unmodified faunal bones (N=53), marine and land snail shells (N=15), St. Johns plain ceramic sherds (N=73), St. Johns check stamped ceramic sherds (N=32), and St. Johns cord marked sherds (N=2). Ancestral remains were disturbed during archaeological

testing preceding development at 39 Magnolia Avenue. A trench was excavated partially exhuming two burials. The remainder of the burials were left in situ, but the disturbed remains were brought to the Florida Department of State for determinations on ancestry and historicity. Here, they were determined to be Ancestral Native American and accessioned for NAGPRA repatriation.

### **Cultural affiliation**

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

### **Determinations**

The FDOS has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- The 175 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Alabama-Coushatta Tribe of Texas; Alabama-Quassarte Tribal Town; Coushatta Tribe of Louisiana; Kialegee Tribal Town; Miccosukee Tribe of Indians; Poarch Band of Creek Indians; Seminole Tribe of Florida; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; and the Thlopthlocco Tribal Town.

### **Requests for Repatriation**

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in

this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the FDOS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The FDOS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

**AUTHORITY:** Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: March 24, 2026.
