Dated: April 10, 2026.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer,

Department of Defense.

DEFENSE SECURITY COOPERATION AGENCY
2800 Defense Pentagon
Washington, DC 20301-2800

FEB 05 2026

The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 25-90, concerning the Navy's proposed Letter(s) of Offer and Acceptance to the Government of Iraq for defense articles and services estimated to cost \$90 million. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

A handwritten signature in black ink, appearing to read "M.F. Miller", is positioned above the typed name.

Michael F. Miller
Director

(viii) Date Report Delivered to Congress: February 5, 2026

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Iraq – Contracted Logistical Services for VACIS XPL Passenger Vehicle Scanning Systems

The Government of Iraq has requested the extension of Contracted Logistical Services (CLS), including 24/7 help desk service, for two years in support of the Ministry of Interior's VACIS XPL passenger vehicle scanning systems; corrective and preventive maintenance; spare and repair parts; software updates, remote monitoring; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$90 million.

This proposed sale will support the foreign policy goals and national security objectives of the United States by improving the security of a partner country that is a force for political stability and economic progress in Middle East.

The proposed sale will improve Iraq's capability to meet current and future threats by providing continuation of CLS for these scanning systems, enabling border forces to detect the inflow of weapons; chemical, biological, radiological, and nuclear (CBRN) agents; narcotics; and other forms of contraband at Iraq's borders. Iraq will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Leidos, located in Reston, VA. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
