#### Abstract of information available

A total of one cultural item has been requested for repatriation. The one unassociated funerary object is a ceramic vessel. Charles R. Olberg removed this vessel from the Coachella Valley, Riverside County, California at an unknown time and sold it to the Museum of the American Indian, Heye Foundation in 1917. The AMNH accessioned the vessel in 1919 when it was acquired through exchange.

While it no longer does so, in the past, the Museum applied potentially hazardous

pesticides to items in the collections. Museum records do not list specific objects treated or which of several chemicals used were applied to a particular item. Therefore, those handling this material should follow the advice of industrial hygienists or medical personnel with specialized training in occupational health or with potentially hazardous substances.

### **Determinations**

The American Museum of Natural History has determined that:

- The one unassociated funerary object described in this notice is reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.
- There is a connection between the cultural item described in this notice and the Agua Caliente Band of Cahuilla Indians of the Agua Caliente Reservation, California.

### **Requests for Repatriation**

Additional, written requests for repatriation of the cultural item in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the American Museum of Natural History must determine the most appropriate requestor prior to repatriation. Requests for

joint repatriation of the cultural item are considered a single request and not competing requests.

The American Museum of Natural History is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.
