

## **SOCIAL SECURITY ADMINISTRATION**

**[Docket No: SSA-2026-0265]**

### **Agency Information Collection Activities: Comment Request.**

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes extensions and revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

SSA submitted the information collections below to OMB for clearance. Your comments regarding these information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**. Individuals can obtain copies of this OMB clearance package by writing to the [OR.Reports.Clearance@ssa.gov](mailto:OR.Reports.Clearance@ssa.gov).

**1. Request to be Selected as a Payee -- 20 CFR 404.2010-404.2055,**

**416.601-416.665 -- 0960-0014.** SSA requires an individual applying to be a representative payee for a Social Security beneficiary or Supplemental Security Income (SSI) recipient to complete Form SSA-11-BK or supply the same information to a field office technician. SSA obtains information from applicant payees regarding their relationship to the beneficiary, personal qualifications; concern for the beneficiary's well-being; and intended use of benefits if appointed as payee. The respondents are individuals, private sector businesses and institutions, and State and local government institutions and agencies applying to become representative payees.

Type of Request: Revision of an OMB-approved information collection.

\*\*We based this figure on the average combined FY 2026 wait times for field offices (22 minutes) and for teleservice centers (48 minutes which includes the average speed of answer of 7 minutes as well as the average 41-minute wait time for a call back from an SSA technician), based on SSA's current management information data. This figure reflects both data from our systems and the data posted on our public facing website (Social Security performance | SSA) on the date we drafted this document. As the figures fluctuate daily, the wait times may be different on the website than they appear here. We continue to monitor our website and management information data on call back times to ensure we report updated figures when possible.

\*\*\* This figure does not represent actual costs that SSA is imposing on recipients of Social Security payments to complete this application; rather, these are theoretical opportunity costs for the additional time respondents will spend to complete the application. **There is no actual charge to respondents to complete the application.**

The child-in-care provision requires claimants to have an entitled child under age 16 or disabled in their care. The respondents are applicants for spouse's; mother's; father's; or surviving divorced mother's or father's Social Security benefits.

**3. Representative Payee Evaluation Report -- 20 CFR 404.2065 & 416.665 -- 0960-0069.** Sections 205(j) and 1631(a)(2) of the Act state that SSA may authorize payment of Social Security benefits or SSI payments to a representative payee on behalf of individuals unable to manage, or direct the management of, those funds themselves. SSA requires appointed representative payees to report

once each year on how they used or conserved those funds. When a representative payee fails to adequately report to SSA, SSA conducts a face-to-face interview with the payee and completes Form SSA-624-F5, Representative Payee Evaluation Report, to determine the continued suitability of the representative payee to serve as a payee. In addition to interviewing the representative payee, we also interview the recipient, and custodian (if other than the payee), to confirm the information the payee provides, and to ensure the payee is meeting the recipient's current needs. However, we do not require the interviews to be face-to-face with non-representative payees. The respondents are individuals or organizations serving as representative payees for individuals receiving Title II benefits or Title XVI payments, and who fail to comply with SSA's statutory annual reporting requirement, and the recipients for whom they act as payee.

The data we collect allows SSA to determine student entitlement and assess whether to terminate benefits. SSA uses the SSA-1372-BK for domestic student claimants and the SSA-1372-BK-FC for student claimants living and attending school outside the United States. The respondents are student claimants for Social Security benefits, their respective schools and, in some cases, their representative payees.

5. Vocational Rehabilitation Provider Claim -- 20 CFR 404.2108(b), 404.2117(c)(1) & (2), 404.2101(b)&(c), 404.2121(a), 416.2208(b), 416.2217(c)(1) & (2), 416.2201(b)&(c), 416.2221(a) -- 0960-0310. State

vocational rehabilitation (VR) agencies submit Form SSA-199 to SSA to obtain reimbursement of costs incurred for providing VR services. SSA requires state VR agencies to submit reimbursement claims for the following categories:

(1) claiming reimbursement for VR services provided; (2) certifying adherence to cost containment policies and procedures; and (3) preparing causality statements.

The respondents provide the information requested through a web-based Secure Ticket Portal, in lieu of submitting forms. This Portal allows VRs to retrieve reports, and enter and submit information electronically, minimizing the use of the paper form to SSA for consideration and approval of the claim for reimbursement of costs incurred for SSA beneficiaries. SSA uses the information on the SSA-199, along with the written documentation, to determine whether, and how much, to pay State VR agencies under SSA's VR program. Respondents are State VR agencies offering vocational and employment services to Social Security and SSI recipients.

**6. Request for Social Security Statement -- 20 CFR 404.810 -- 0960-0466.**

Section 205(c)(2)(A) of the Social Security Act (Act) requires the Commissioner of SSA to establish and maintain records of wages paid to, and amounts of self-employment income derived by each individual, as well as the periods in which such wages were paid, and such income derived. An individual may complete and mail Form SSA-7004 to SSA to obtain a Statement of Earnings or Quarters of Coverage, or they may access their statement online using

**my Social Security.** SSA uses the information from Form SSA-7004 to identify a respondent's Social Security earnings records; extract posted earnings information; calculate potential benefit estimates; produce the resulting Social Security statements; and mail them to the requesters. The respondents are Social Security number (SSN) holders requesting information about their Social Security earnings records and estimates of their potential benefits.

**7. Medical Report on Adult with Allegation of Human Immunodeficiency Virus Infection; Medical Report on Child with Allegation of Human Immunodeficiency Virus Infection -- 20 CFR 416.933-416.934 -- 0960-0500.**

Section 1631(e)(i) of the ACT authorizes the Commissioner of SSA to gather information to make a determination about an applicant's claim for SSI payments.

Section 1631(a)(4) of the Act provides that the Commissioner may pay SSI payments to an applicant for a period not exceeding six months prior to the determination of the individual’s disability, if the individual is presumptively disabled and is determined to be otherwise eligible for benefits; this procedure is called Presumptive Disability (PD). SSA uses Forms SSA-4814 and SSA-4815 to collect information necessary to determine if an individual with human immunodeficiency virus infection, who is applying for SSI disability benefits, meets the requirements for PD. The respondents are the medical sources of the applicants for SSI disability payments.

Determination Services (DDS) collect the information necessary to administer the Social Security Disability Insurance and SSI programs. They collect medical

evidence from consultative examination (CE) sources; credential information from CE source applicants; and medical evidence of record (MER) from claimants' medical sources. The DDSs collect information from claimants regarding medical appointments, pain, symptoms, and impairments. The respondents are medical providers, other sources of MER, and disability claimants.

**10. Employer Reports of Special Wage Payments -- 20 CFR 404.428-404.429 --**

**0960-0565.** SSA collects information on the SSA-131 to prevent earnings-related overpayments, and to avoid erroneous withholding of benefits. SSA field offices and program service centers also use Form SSA-131 for awards and post-entitlement events requiring special wage payment verification from employers. While we need this information to ensure the correct payment of benefits, we do

not require employers to respond. The respondents are large and small businesses that make special wage payments to retirees.

Type of Request: Revision of an OMB-approved information collection.

Note: This is a correction Notice. At the 60-day comment period stage we included wait time in a field office; however, the large and small businesses who are the respondents only submit these forms to us either via USPS mail or electronically. Therefore, we have removed the wait time from our chart below.

## 11. Complaint Form for Allegations of Discrimination in Programs or Activities

**Conducted by the Social Security Administration -- 0960-0585.** SSA uses Form SSA-437-BK to investigate and formally resolve complaints of discrimination based on disability, race, color, national origin (including limited English language proficiency), sex (including sexual orientation and gender identity), age, religion, or retaliation for having participated in a proceeding under this administrative complaint process in connection with an SSA program or activity. Individuals who believe SSA discriminated against them on any of the above bases may file a written complaint of discrimination. SSA uses the information to: (1) identify the complaint; (2) identify the alleged discriminatory act; (3) establish the date of such alleged action; (4) establish the identity of any individual(s) with information about the alleged discrimination; and (5) establish other relevant information that would assist in the investigation and resolution of the complaint. Respondents are individuals who believe SSA, or SSA employees, contractors, or agents, discriminated against them in connection with programs or activities conducted by SSA.

## 12. Private Printing and Modification of Prescribed Application and Other

**Forms -- 20 CFR 422.527 -- 0960-0663.** 20 CFR 422.527 of the Code of Federal Regulations requires a person, institution, or organization (third-party entities) to obtain approval from SSA prior to reproducing, duplicating, or privately printing any application or other form the agency owns. To obtain SSA's approval, entities must make their requests in writing using their company letterhead, providing the required information set forth in the regulation. SSA uses the information to: (1) ensure requests comply with the law and regulations, and (2) process requests from third-party entities who want to reproduce, duplicate, or privately print any SSA application or other SSA form. SSA employees review the requests and provide approval via email or mail to the third-party entities. The respondents are third-party entities who submit a request to SSA to reproduce, duplicate, or privately print an SSA-owned form.

**13. International Direct Deposit -- 31 CFR 210 -- 0960-0686.** SSA's International Direct Deposit (IDD) Program allows beneficiaries living abroad to receive their payments via direct deposit to an account at a financial institution outside the United States. SSA uses Form SSA-1199-(Country) to enroll Title II beneficiaries residing abroad in IDD, and to obtain the direct deposit information for foreign accounts. Routing account number information varies slightly for each foreign country, so we use a variation of the Treasury Department's Form SF-1199A for each country. The respondents are Social Security beneficiaries residing abroad who want SSA to deposit their Title II benefit payments directly to a foreign financial institution.

**14. Letter to Custodian of Birth Records -- 20 CFR 404.704, and 422.103-422.110**

-- **0960-0693**. When individuals need help in obtaining evidence of their age in connection with SSN card applications and claims for benefits, SSA prepares the SSA-L706, Letter to Custodian of Birth Records. SSA uses Form SSA-L706 to verify the proof of age when an SSN applicant submits a birth record that is deemed questionable in the Social Security Number Application Process (SSNAP) system. In most of the cases, we verify birth records (i.e., birth certificates) with the custodian of the record or issuing entity before processing the SSN card application via an online query such as the Electronic Verification of Vital Events (EVVE) or SSA-approved online access to State vital records. However, when the applicant submits alternative evidence to request an original SSN card or to correct a date of birth (DOB) that SSA cannot verify via an online query (i.e., the custodian/issuing entity of the birth record is a hospital or health care provider), we use the SSA-L706 to verify proof of age for enumeration purposes. The SSNAP system pre-fills a PDF version of the SSA-L706 using information from the SSN application to ensure accuracy and save time. SSA uses the letter to verify with the custodian or issuing entity, when necessary, the authenticity of the record the SSN applicant or claimant submitted. SSA mails the SSA-L706 to the respondents to complete and mail or fax back the completed form back to us. The respondents are SSN applicants who sign the request; State and local bureaus or agencies of vital statistics, and religious entities who submit the information regarding evidence of age for the SSN applicant.

## 15. Technical Updates to Applicability of the Supplemental Security Income

### Reduced Benefit Rate for Individuals Residing in Medical Treatment

**Facilities--20 CFR 416.708(k) -- 0960-0758.** Section 1611(e)(1)(A) of the Act specifies residents of public institutions are ineligible for SSI. However, Sections 1611(e)(1)(B) and (G) of the Act list certain exceptions to this provision, making it necessary for SSA to collect information about SSI recipients who enter or leave a medical treatment facility or other public or private institution. SSA's regulation 20 CFR 416.708(k) establishes the reporting guidelines that implement this legislative requirement. SSA uses this information collection to determine SSI eligibility or the benefit amount for SSI recipients who enter or leave

institutions. SSA personnel collect this information directly from SSI recipients, or from someone reporting on their behalf. An SSI recipient who enters an institution may be unable to report; therefore, a family member sometimes makes this report on behalf of the recipient. When contacting SSA, the recipient, or family member of the recipient, provides the name of the institution, the date of admission, and the expected date of discharge. The respondents are SSI recipients who enter or leave an institution, or individuals reporting on their behalf.

**16. Application Status -- 20 CFR 401.45 -- 0960-0763.** Application Status provides users with the capability to check the status of their pending Social Security claims via the National 800 Number Automated Telephone Service. Users need their SSN and a confirmation number to access this information. SSA systems determine the type of claim(s) the caller filed based upon the information provided. Subsequently, the automated telephone system provides callers with the option to choose the claim for which they wish to obtain status. If the caller applied for multiple claims, the automated system allows the caller to select only one claim at a time. Once callers select the claim(s) they are calling about, an automated voice advises them of the status of their claim. The respondents are current Social Security claimants who wish to check on the status of their claims.

#### **17. Protection and Advocacy for Beneficiaries of Social Security (PABSS) --**

**20 CFR 435.51-435.52 -- 0960-0768.** The PABSS projects are part of Social Security's strategy to increase the number of Social Security Disability Insurance (SSDI) or SSI recipients who return to work and achieve financial independence and self-sufficiency as the result of receiving support, representation, advocacy, or other services. PABSS provides: (1) Information and advice about obtaining vocational rehabilitation and employment services; and (2) advocacy or other services a beneficiary with a disability may need to secure, maintain, or regain gainful employment. The PABSS Annual Program Performance Report collects statistical information from each of the PABSS projects in an effort to manage and capture program performance and quantitative data. Social Security uses the information to evaluate the efficiency of the program, and to ensure beneficiaries

are receiving quality services. The project data is valuable to Social Security in its analysis of and future planning for the SSDI and SSI programs. The respondents are the 57 PABSS project sites, and recipients of SSDI and SSI programs.

**18. Methods for Conducting Personal Conferences When Waiver of Recovery of a Title II or Title XVI Overpayment Cannot Be Approved -- 20 CFR 404.506 & 416.557 -- 0960-0769.** SSA conducts personal conferences when we cannot approve a waiver of recovery of a Title II or Title XVI overpayment. The Act and our regulatory citations require SSA to give overpaid Social Security beneficiaries and SSI recipients the right to request a waiver of recovery and automatically schedule a personal conference if we cannot approve their request for waiver of overpayment. We conduct these conferences face-to-face, via telephone, or through video teleconferences. Social Security beneficiaries and SSI recipients or their representatives may provide documents to demonstrate they are without fault in causing the overpayment and do not have the ability to repay the debt. They may submit these documents by completing Form SSA-632, Request for Waiver of Overpayment Recovery (OMB No. 0960-0037); Form SSA-795, Statement of Claimant or Other Person (OMB No. 0960-0045); or through a personal statement submitted by mail, telephone, personal contact, or other suitable method, such as fax or email. This information collection satisfies the requirements for request for waiver of recovery of an overpayment and allows individuals to pursue further levels of administrative appeal via personal conference. Respondents are Social Security Title II beneficiaries and Title XVI SSI recipients or their representative's seeking reconsideration of an SSA waiver decision.

## **19. Centenarian and Medicare Non-Utilization Project Development**

### **Worksheets: Face-to-Face Interview and Telephone Interview –**

**20 CFR 416.204(b) and 422.135 -- 0960-0780.** SSA conducts interviews with

centenary Title II beneficiaries and Title XVI recipients, and Medicare

Non-Utilization Project (MNUP) beneficiaries age 90 and older to: (1) assess if the beneficiaries are still living; (2) prevent fraud through identity

misrepresentation; and (3) evaluate the well-being of the recipients to determine if

they need a representative payee, or a change in representative payee. SSA field

office personnel obtain the information through one-time, in-person interviews

with the centenarians and MNUP beneficiaries, who are those Title II

beneficiaries ages 90-99, who show non-utilization of Medicare benefits for an

extended period and the absence of private insurance, health maintenance

organization, or nursing home, which are all indicators that an individual may be

deceased. If the centenarians and MNUP beneficiaries have representatives or

caregivers, SSA personnel invite them to the interviews. During these interviews,

SSA employees make overall observations of the centenarians, MNUP

beneficiaries, and their representative payees (if applicable). The interviewer uses the appropriate Development Worksheet as a guide for the interview, in addition to documenting findings during the interview. SSA conducts the interviews either over the telephone or through a face-to-face discussion with the respondents either in a field office, or at the Centenarian or MNUP beneficiary's residence. Respondents are MNUP and Centenarian beneficiaries, and their representative payees, or their caregivers.
