SUPPLEMENTARY INFORMATION:

I. Background

The Medicare Advisory Panel on Clinical Diagnostic Laboratory Tests (CDLTs) (the Panel) is authorized by section 1834A(f)(1) of the Social Security Act (the Act) (42 U.S.C. 1395m-1), as established by section 216(a) of the Protecting Access to Medicare Act of 2014 (PAMA) (Pub. L. 113-93), enacted on April 1, 2014. The Panel is subject to the Federal

Advisory Committee Act (FACA), as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory panels.

Section 1834A(f)(1) of the Act directs the Secretary of the Department of Health and Human Services (the Secretary) to consult with an expert outside advisory panel established by the Secretary, composed of an appropriate selection of individuals with expertise in issues related to clinical diagnostic laboratory tests, which may include the development, validation, performance, and application of such tests. Such individuals may include molecular pathologists, researchers, and individuals with expertise in laboratory science or health economics.

The Panel will provide input and recommendations to the Secretary and the Administrator of the Centers for Medicare & Medicaid Services (CMS), on the following:

- The establishment of payment rates under section 1834A of the Act for new clinical diagnostic laboratory tests, including whether to use “crosswalking” or “gapfilling” processes to determine payment for a specific new test.
- The factors used in determining coverage and payment processes for new clinical diagnostic laboratory tests.
- Other aspects of the payment system under section 1834A of the Act.

A notice announcing the establishment of the Panel and soliciting nominations for members appeared in the October 27, 2014 **Federal Register** (79 FR 63919 through 63920). In the August 7, 2015 **Federal Register** (80 FR 47491), we announced membership appointments to the Panel along with the first public meeting date for the Panel, which was held on August 26, 2015. Subsequent meetings of the Panel and membership appointments were also announced in the **Federal Register**. The Secretary approved rechartering of the Panel on April 24, 2025. The new charter is effective through April 24, 2027 and may be found on the CMS website at <https://www.cms.gov/Regulations-and-Guidance/Guidance/FACA/AdvisoryPanelonClinicalDiagnosticLaboratoryTests.html>. Another

notice requesting nominations to the Panel appeared in the September 29, 2017 Federal Register (82 FR 45590 through 45592). In that notice, we indicated that nominations would be accepted on a continuous basis. As a result of that notice, the Secretary's designee approved the appointment of the following new Panel members (along with term period):

Gillian Hooker, Ph.D, (October 2024 through October 2027)

Jerry Garner, MBA – HCA, PAHM (October 2024 through October 2027)

Megan Landsverk, PhD, New Panel Chair (June 2025 through June 2028)

Alina Bridges, DO (January 2026 through January 2029)

The new Panel member appointments are for 3-year terms.

Other Panel members include:
