### **Coast Guard**

### **33 CFR Part 100**

**[Docket Number USCG-2026-0080]**

**RIN 1625-AA08**

### **Special Local Regulation; Neuse and Trent Rivers, New Bern, NC**

**AGENCY:** Coast Guard, Department of Homeland Security.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is proposing to establish a special local regulation (SLR) for certain navigable waters of the Neuse and Trent Rivers near New Bern, NC. The SLR is needed to protect personnel, vessels, and the marine environment from potential hazards during annual raft races in New Bern, NC. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless specifically authorized by the Captain of the Port, North Carolina. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before **[INSERT DATE 10 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

**ADDRESSES:** To submit comments and view available documents, go to <https://www.regulations.gov> and search for USCG-2026-0080.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this proposed rule, contact MSTC Shawn Stanley, Sector North Carolina Waterways Management Division, U.S. Coast Guard; telephone 571-607-6971, or email [shawn.w.stanley2@uscg.mil](mailto:shawn.w.stanley2@uscg.mil).

## **II. Background and Authority**

Coast Guard regulations define “regatta or marine parade” as an organized water event of limited duration which is conducted according to a prearranged schedule. 33 CFR 100.05(a). And, as explained in 33 CFR 100.15, Coast Guard requires that an organization planning to hold a regatta or marine event apply for a permit if the event, by its nature, circumstances, or location, will introduce extra or unusual hazards to the safety of life on the navigable waters of the United States. These permits may be approved by the Coast Guard, or by the state in which the event is to take place, if there is a Coast Guard-State agreement in place. See 33 CFR 100.10. Upon the approval of an application, the Captain of the Port for the North Carolina Captain of the Port Zone (COTP) may promulgate such “Special Local Regulations” (SLR's) as he or she deems necessary to ensure safety of life on the navigable waters immediately prior to, during, and immediately after the event. *See* 33 CFR 100.35(a).

On February 5, 2026, the Coast Guard received a marine permit application from an organization wishing to sponsor a raft race on the Neuse and Trent Rivers, near New Bern, NC on June 6, 2026, and on one Saturday in June annually thereafter. The COTP has determined that potential hazards associated with the presence of numerous participants racing on rafts, and spectators within a concentrated area are a safety concern for anyone within this congested area. Therefore, the COTP is proposing this rule under the authority in 46 U.S.C. 70051 and 70124, to protect people, vessels, and the marine environment in the navigable waters within the area that would be regulated by the rule.

### **III. Discussion of the Rule**

This proposed rule would amend Table 4 to paragraph (i)(4) of 33 CFR 100.501 to establish a special local regulation which would be subject to enforcement from 10 a.m. until 4 p.m. on June 6, 2026 and on one Saturday in June in subsequent years. As noted in paragraph (g) of § 100.501, if the event is held on an alternate date from that listed in paragraph (i), the Coast Guard will publish a notice in the Federal Register announcing the exact date and time of the enforcement period with respect to the special local regulation in addition to announcement in the Local Notices to Mariners and Broadcast Notice to Mariners. The regulated area would cover all navigable waters of the Neuse and Trent Rivers on a predetermined course near Union Point, in New Bern, NC. No vessel or person would be permitted to enter the regulated area without obtaining permission from the COTP or their designated representative. The regulatory text we are proposing appears at the end of this document.

### **IV. Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

#### *A. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities for the following reasons.

Vessel traffic would be able to safely transit around this regulated area. This regulation will only impact a predetermined course for approximately six hours. In addition, the Coast Guard will issue a Broadcast Notice to Marines via VHF FM marine channel 16, which will allow small entities to adjust their transit plans, and the rule allows vessels to request permission to enter the regulated area from the COTP.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this proposed rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), if this proposed rule will affect your small business, organization, or governmental jurisdiction and you have questions, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Small businesses may send comments to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards by calling 1-888-REG-FAIR (1-888-734-3247).

#### *B. Collection of Information*

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

#### *C. Federalism and Indian Tribal Governments*

We have analyzed this proposed rule under Executive Order 13132, Federalism, and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in that Order.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship

between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

#### *D. Unfunded Mandates Reform Act*

As required by The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538), the Coast Guard certifies that this proposed rule will not result in an annual expenditure of \$100,000,000 or more (adjusted for inflation) by a State, local, or tribal government, in the aggregate, or by the private sector.

#### *E. Environment*

We have analyzed this proposed rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–*et. seq.*), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This proposed rule is a special local regulation under 33 CFR 100.35. It is categorically excluded from further review under paragraph L61.

### **V. Public Participation and Request for Comments**

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

*Submitting comments.* We encourage you to submit comments at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG-2026-0080 in the search box and click "Search." Next, look for this document in the

**Search Results** column, and click on it. Then click on the **Comment** option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

*Viewing material in the docket.* To view available documents, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. We will post public comments in our online docket. Additional information is on the <https://www.regulations.gov> Frequently Asked Questions webpage.

*Personal information.* We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided, except that contact information (such as email or mailing address) will not be available for public viewing, unless the submitter includes that information in the body of the docket submission. For more about privacy and submissions to the docket in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).
