interested parties commented on the *Preliminary Results*. Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁴ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁵ On March 17, 2026, Commerce extended the deadline for the final results by 53 days.⁶ Accordingly, the deadline for these final results is now May 11, 2026.

For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.⁷ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties, we made certain changes to the margin calculations for MAL. For a discussion of these changes, *see* the Issues and Decision Memorandum.⁹

Final Results of the Review

We determine the following estimated weighted-average dumping margin for the period May 1, 2023, through April 30, 2024:

Exporter/Producer	Weight-Average Dumping Margin (percent)
Maithan Alloys Limited	0.53

Disclosure

We intend to disclose the calculations performed in these final results to parties in this proceeding within five days after the date of any public announcement or, if there is no public announcement, within five days after the date of publication of these final results in the *Federal Register*, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

If the weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent), upon completion of the final results, Commerce intends to calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales. Where we do not have entered values for all U.S. sales to a particular importer, we will calculate an importer-specific,

⁹ *See* Issues and Decision Memorandum at Comments 1 and 2.

per-unit assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales.¹⁰ To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. Where the weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹¹

For entries of subject merchandise during the POR produced by MAL for which it did not know that the merchandise it sold to the intermediary (*e.g.*, reseller, trading company, or exporter) was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate (*i.e.*, 17.74) if there is no rate for the intermediate company(ies) involved in the transaction.¹²

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the *Federal Register* of this notice¹³ for all shipments of silicomanganese from India entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for MAL will be 0.53 percent, the weighted-

average dumping margin established in these final results; (2) for previously investigated companies not subject to this review, the cash deposit rate will continue to be the company-specific rate published in the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established in the most recent completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 17.74 percent, the all-others rate established in the LTFV investigation.¹⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the destruction or return of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction or return of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

¹⁴ See Order.

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).
