**Notice of Inventory Completion: Kansas State Historical Society, Topeka, KS**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Kansas State Historical Society (KSHS) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

**DATES:** Repatriation of the human remains and associated funerary objects in this notice may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**].

**ADDRESSES:** Send written requests for repatriation of the human remains and associated funerary objects in this notice to Dr. Nicole Klarmann, Kansas State Historical Society, 6425 SW 6th Avenue, Topeka, KS 66615-1099, email [kshs.nagpra@ks.gov](mailto:kshs.nagpra@ks.gov).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the KSHS, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

**Abstract of information available**

Human remains representing, at least, four individuals have been identified from an unknown county in Missouri (UBS 1992-13). The two associated funerary objects are a chert flake and a pottery sherd. Provenience is limited for these remains and objects, however, they were said to come from a medical collection of a physician.

Human remains representing, at least, one individual have been identified from an unknown county in Missouri (UBS 2024-12). No associated funerary objects are present. These remains were identified as human hair during consultation and appear to be a chain for a pocket watch.

A total of 12 associated funerary objects have been identified from an unknown county in Missouri (UBS 2001-17). They include bone/shell beads and a non-human bone fragment. The objects were taken from a gravesite on the bluffs of the Missouri River near St. Louis in the late 1800s or early 1900s.

To our knowledge, no known hazardous substances were used to treat any of the human remains or associated funerary objects.

### **Cultural affiliation**

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

### **Determinations**

The KSHS has determined that:

- The human remains described in this notice represent the physical remains of five individuals of Native American ancestry.
- The 14 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and The Osage Nation.

### **Requests for Repatriation**

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in

this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the KSHS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The KSHS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

**Authority:** Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: May 12, 2026.
