SUPPLEMENTARY INFORMATION:

Background

On September 11, 2025, Commerce published in the *Federal Register* the *Preliminary Results* of this administrative review.¹ This review covers one respondent, Okechamp.

¹ See *Certain Preserved Mushrooms from Poland: Preliminary Results of Antidumping Duty Administrative Review; 2022-2024*, 90 FR 44039 (September 11, 2025) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³

On February 19, 2026, Commerce extended the deadline for the final results by 51 days⁴ and, on May 7, 2026, Commerce extended the deadline by an additional nine days.⁵ Accordingly, the deadline for these final results is now May 18, 2026.

For a complete description of the events that occurred since Commerce published the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁷

The merchandise subject to the *Order* is mushrooms from Poland. For a full description of the scope, see the Issues and Decision Memorandum.

Changes Since the *Preliminary Results*

Based on our review of the record, Commerce made certain revisions to the margin calculations for Okechamp. For a detailed discussion of the changes since the *Preliminary Results*, see the Issues and Decision Memorandum.

Final Results of Review

As a result of this review, we determine the following weighted-average dumping margin for the period November 3, 2022, through April 30, 2024:

Exporter/Producer	Weighted-Average Dumping Margin (percent)
Okechamp S.A.	2.55

Disclosure

Commerce intends to disclose the calculations performed for the final results of this review to parties in this proceeding within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the *Final Register*, in accordance with 19 CFR 351.224(b).⁸

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because Okechamp's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for

⁸ See 19 CFR 351.224(b).

each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Okechamp for which it did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for subject merchandise exported by Okechamp will be equal to the weighted-average dumping margin established in these final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or a completed prior segment of this proceeding but the

producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 34.32 percent,¹⁰ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 18, 2026.
