Type of Review: Reinstatement of an information collection

Background: Title 49 U.S.C., Section 44702 empowers and requires the Secretary of Transportation to issue operating certificates and to establish minimum safety standards for the operation of air carriers and those to whom such certificates are issued. Also, Title 49 U.S.C., Section 44701 empowers and requires the Administrator of the Federal Aviation Administration (FAA) to prescribe standards applicable to the accomplishment of the mission of the FAA.

Sponsors who wish to maintain certified training centers are mandated to report to this collection. This collection is necessary to ensure that those who must comply with Title 14 CFR part 61, part 63, part 91, part 121, part 135, part 141, and part 142 are able to provide adequate crewmember training and qualification. This collection also helps to ensure safety-of-flight by ensuring those who operate under these parts of the regulation and use flight simulation in lieu of aircraft for these functions, receive and maintain complete and adequate training, testing, checking, and experience. The FAA will use the information it collects and reviews to ensure compliance and adherence to regulations and, where necessary, to take enforcement action on violators of the regulations.
