OMB No. 4040-0010

Abstract:

The Project/Performance Site Location(s), Project Abstract, and Key Contacts forms provide the Federal grant-making agencies an alternative to the Standard Form 424 data set and form.

Agencies may use Project/Performance Site Location(s), Project Abstract, and Key Contacts forms for grant programs not required to collect all the data that is required on the SF-424 core data set and form. Project/Performance Site Location(s), Project Abstract, and Key Contacts forms are used by organizations to apply for Federal financial assistance in the form of grants.

This form is submitted to the Federal grant-making agencies for evaluation and review. The information collection (IC) expires on December 31, 2026. *Grants.gov* seeks a three-year clearance of these collections.

Annualized Burden Hour Table

Forms	Respondents	Number of Respondents	Number of Responses per Respondents	Average Burden per Response (hours)	Total Burden Hours
Project/Performance Site Location(s)	Grant Applicants	127,281	1	1	127,281
Project Abstract	Grant Applicants	230	1	1	230
Key Contacts	Grant Applicants	4,566	1	1	4,566
Total		<u>132,077</u>			132,077

The estimated annual burden hours reflect the number of applications Grants.gov received during the most recent fiscal year that included these forms. The increase is attributable to higher form

usage by agencies in application packages, not to changes to the forms or burden per response.
