SUPPLEMENTARY INFORMATION:

Background

On March 6, 2026, Commerce published the *Preliminary Results* of this review in the *Federal Register* and invited interested parties to comment.[1] We received no comments from interested parties on the *Preliminary Results*. Therefore, we made no changes from the *Preliminary Results* and, accordingly, there is no decision memorandum accompanying this

notice. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the *Order*[2]

The product covered by the *Order* is cold-rolled steel from Korea. For a complete description of the scope of the *Order*, *see* the *Preliminary Results* PDM.

Rate for Non-Examined Companies

Because no parties commented on Commerce's *Preliminary Results*, we have made no changes to the calculation of the rate for non-examined companies. Therefore, Commerce continues to assign a margin to the non-selected companies, Ameri-Source Korea (Ameri-Source); Hanawell Co Ltd (Hanawell); and KG Dongbu Steel Co., Ltd. (KG Dongbu) based on the most recent above-*de minimis* rate calculated in this proceeding (*i.e.*, 2.28 percent).[3]

Final Results of the Review

Commerce determines that the following estimated weighted-average dumping margin exists for the period September 1, 2023, through August 31, 2024:

Producer or Exporter	Weighted-Average Dumping Margin (percent)
Hyundai Steel Company	0.00
POSCO; POSCO International Corporation	0.00
Ameri-Source Korea	2.28
Hanawell Co Ltd	2.28
KG Dongbu Steel Co., Ltd.	2.28

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined in these final results of this review, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise during the POR. Because the weighted-average dumping margins calculated for Hyundai Steel Company (Hyundai) and POSCO; POSCO International Corporation (collectively, POSCO) are zero, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Hyundai or POSCO for which the reviewed companies did not know that the merchandise they sold to the intermediary (*i.e.*, a reseller, trading company, or exporter) was destined to the United States.[4] In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 20.33 percent),[5] if there is no rate for the intermediate company(ies) involved in the transaction.

For Ameri-Source, Hanawell, and KG Dongbu, the companies that were not selected for individual examination, we intend to assign an assessment rate based on the review-specific rate determined as noted in the "Rate for Non-Examined Companies" section, above.

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.* within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of review in the *Federal Register*, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in these final results will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the company-specific rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 20.33 percent, the all-others rate established in the LTFV investigation.[6] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: July 6, 2026.
