Based on comments received from interested parties, we made certain changes to the calculations for Borusan Birleşik Boru Fabrikalari Sanayi ve Ticaret A.Ş (Borusan).[5] For a discussion of these changes, *see* the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.[6] For a full description of the methodology underlying all of Commerce's conclusions, including any determination that relied upon the use of adverse facts available, pursuant to sections 776(a) and (b) of the Act, *see* the Issues and Decision Memorandum.

Final Results of Review

We find the following net countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Company	**Subsidy Rate (percent *ad valorem*)**
Borusan Birleşik Boru Fabrikalari Sanayi ve Ticaret A.Ş.[7]	0.80
