Air Plan Approval; Reconsideration and Repeal of Air Plan Partial Approval and Partial Disapproval of North Dakota’s Regional Haze State Implementation Plan for the Second Implementation Period; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; reconsideration of final rule; correction.

SUMMARY: On September 9, 2026 the U.S. Environmental Protection Agency (EPA or Agency) proposed to repeal a final rule published in the *Federal Register* (FR) on December 2, 2024, partially approving and partially disapproving North Dakota’s 2022 regional haze State Implementation Plan (SIP) submission for the second implementation period. The EPA proposed in the same action to approve the portions of North Dakota’s 2022 SIP submission for the second implementation period that were disapproved in the EPA’s 2024 partial approval/partial disapproval. The “ADDRESSES” section of the proposed rulemaking contained an incorrect Docket Identification Number (Docket ID No.) in the *Federal Register*. This document corrects an inadvertent typographical error in the *Federal Register*. This correction does not result in any substantive changes to the proposed rule.
