SUPPLEMENTARY INFORMATION:

Background

On July 16, 2026, Commerce referred potential evasion of antidumping duties to U.S. Customs and Border Protection (CBP).[1] On July 17, 2026, we published the *Preliminary Results* of the 2024-2025 administrative review of the antidumping duty order on certain passenger vehicle and light truck tires (passenger tires) from the People's Republic of China (China) in the *Federal Register* and invited interested parties to comment.[2] We received no comments. Accordingly, we made no changes from the *Preliminary Results*, we adopt the *Preliminary*

Results as the final results; thus, there is no decision memorandum accompanying this notice. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the *Order*[3]

The products covered by the *Order* are passenger tires from China. For a complete description of the scope of the *Order*, *see* the *Preliminary Results*.

Final Results of Review

For the final results, we continue to find that, because Triangle Tyre Co., Ltd (Triangle); Shandong Yongsheng Rubber Group Co., Ltd. (Yongsheng); and Shandong Zhongyi Rubber Co., Ltd. (Zhongyi) failed to establish their eligibility for a separate rate,[4] they are part of the China-wide entity. Because no party requested a review of the China-wide entity in this review, China-wide entity is not under review and the China-wide entity rate (*i.e.*, 76.46 percent)[5] is not subject to change.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the *Federal Register*, in accordance with 19 CFR 351.224(b). However, because Commerce has not performed any calculations in this review, there are no calculations to disclose for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determine, and CBP shall assess, antidumping duties on all appropriate entries of subject

merchandise in accordance with the final results of this review. Specifically, we will instruct CBP to liquidate all entries of subject merchandise exported by Triangle, Yongsheng, and Zhongyi during the POR at the rate for the China-wide entity (*i.e.*, 76.46 percent).

Commerce intends to issue these assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication). Pursuant to commerce Practice, we will instruct CBP to liquidate entries from the China-wide entity at 76.46 percent.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters for which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 76.46 percent); and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that

supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 16, 2026.
