SUPPLEMENTARY INFORMATION:

Background

On July 17, 2026, Commerce published in the *Federal Register* the preliminary results of the 2024-2025 administrative review of the antidumping duty order on hydrofluorocarbon (HFC) blends from the People's Republic of China (China) and invited interested parties to comment.[1] We received no comments from interested parties on the *Preliminary Results*. Therefore, we made no changes from the *Preliminary Results*, and accordingly, there is no decision memorandum accompanying this notice. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the *Order*[2]

The products covered by the *Order* are HFC blends from China. For a complete description of the scope of the *Order*, *see* the *Preliminary Results*.

Final Results of Review

For the final results, we continue to find that, because the 12 companies listed in the appendix to this notice failed to establish their eligibility for a separate rate,[3] they are part of the China-wide entity. Because no party requested a review of the China-wide entity, the entity is not under review, and the entity's rate (*i.e.*, 216.37 percent)[4] is not subject to change.

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the final results in the *Federal Register,* in accordance with 19 CFR 351.224(b). However, because Commerce has not performed any calculations in this review, there are no calculations to disclose for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Specifically, we will instruct CBP to liquidate entries all entries of subject merchandise exported

by the companies listed in the Appendix to this notice during the POR at the rate for the China-wide entity (*i.e.*, 216.37 percent).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters for which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 216.37 percent); and (3) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement

could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 16, 2026.
