INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-525 and 731-TA-1260-1261 (Second Review)]

Welded Line Pipe from South Korea and Turkey; Determinations

On the basis of the record[1] developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the countervailing duty order on welded line pipe from Turkey and antidumping duty orders on welded line pipe from South Korea and Turkey would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on May 1, 2026 (91 FR 23459, May 1, 2026) and determined on August 4, 2026 that it would conduct expedited reviews (91 FR 56670, September 3, 2026).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on November 23, 2026. The views of the Commission are contained in USITC Publication 5816 (November 2026), entitled *Welded Line Pipe from South Korea and Turkey: Investigation Nos. 701-TA-525 and 731-TA-1260-1261 (Second Review)*.

By order of the Commission.

[1] The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

Issued: November 23, 2026.
